RICOH Portable Monitor 150/150BW

RICOH
imagine. change.

Unleash Your Potential

We're in an era when workstyles and lifestyles are diversifying.

Make the most of your time wherever you go whether playing, working, or collaborating.

The Ricoh Portable Monitor 150/150BW is lightweight and feature-rich. It's perfect for more dynamic business and private time. Lighten every day with Ricoh Portable Monitor.

OLED Panel

15.6 inch

Thinnest part

Approx. **4.8mm**

Weight

150

560g

150BW

715g

Use it in all sorts of business and private situations

Portability 150 560g 150BW 715g

The 15.6-inch monitor is lightweight and only about 4.8mm thick in its slimmest area. You'll find it easy to carry every day. Ricoh's integrated cable rings let you cleanly store the cables when carrying or stowed in your bag.

Usability 150 150BW

The integrated stand can be freely adjusted to achieve the optimum angle for use. The USB Type-C® cable can be used for power as well as to show the same image on a PC or smartphone screen. Connected devices must be compatible with USB PD or DP Alt Mode. To use extended functions, they must also be compatible with those particular functions.

Visibility 150 150BW

The vibrant OLED screen produces minimal blue light to make reading, creative tasks, and video watching more comfortable. It enhances work efficiency as well as quality.

DCI-P3 100%

Draw 150 150BW

A high-performance touch sensor capable of 10-point multi-touch*1 contributes to intuitive operation. Drawing and annotating are possible during collaboration, and a stylus*2 capable of detecting 4,096 levels of pressure enables sophisticated visualization of your designs and ideas.

*1 Touch operation requires OS support
*2 The stylus is optional

Recommended writing angle (16 degrees)

Wireless Connection 150BW

It's easy to wirelessly connect* Portable Monitor 150BW with a PC or smartphone (Miracast®) and freely operate it without a cable. A built-in high-capacity battery provides about three hours of wireless operation. Enjoy work and entertainment without worrying about having to charge on the go.

*There is no guarantee that all PCs and smartphones can connect.

Up to 2 devices can be connected to a laptop at a time
Connecting with Mac OS and iOS requires a dedicated app.

One PC can connect with up to 5 Portable Monitors at a time
All connected devices must have a Windows® app installed.
Only one of the connected devices can be touch-operated while connected.
You can change what devices are connected at any time.

Free software

Product name	Overview
RICOH Monitor Multicast for Windows®	It mirrors the display of one Windows® PC to up to five RICOH Portable Monitor 150BWs and allows touch-operation from one of them.
RICOH Monitor Mirroring for macOS	Mirrors the display of one Mac PC to one RICOH Portable Monitor 150BW.
RICOH Monitor Mirroring for iOS	Mirrors the display of one iPhone to one RICOH Portable Monitor 150BW.

A PC or smartphone with the same software installed can be connected to a RICOH Portable Monitor 150BW on the same network (same subnet). Speed depends on your network environment.

Option

Product name	Specifications	EDP code
RICOH Monitor Stylus Pen Type1	AES2.0/AA6 (AAAA) batteries × 1, up to 4096 levels of writing pressure detection, function buttons × 2*1	514913

*1 The function keys depend on OS app support. They do not work during wireless connection. This also applies to palm rejection (a function that allows you to write with a pen while touching a part of your hand on the screen).

Recommended specifications for related peripherals

Category	Recommended specifications
AC adapter	USB Power Delivery (USB PD) supported, Max. 45W or higher
USB cable	Type-C to C, rated current 3A or higher, compatible with video outputting
