## Pelé Remote-Head XL 35

ABC Pelé Remote-Head is a further development of the successful ABC Standard Remote-Head known for its lightness and user-friendliness. This head was used during the 2002 World Football Championship in Japan and Korea and 2006 in Germany. Last but not least, thanks to the experience made during this big event, we further developed the Pelé Remote Head. You will find these improvements in our new model Pelé XL35.

### Some of the main characteristics of the new Pelé Remote-Head XL35:

- ⇒ super light and extremely robust construction
- ⇒ friction system for soft shift in direction
- ⇒ quick and easy to mount due to rational concept
- ⇒ pan and tilt are very precise and powerful thanks to programmable digital motors
- ⇒ precise and reliable joystick, direction of tilt and pan can be varied
- ⇒ zoom and focus integrated for motorized lenses (Fujinon, Canon and Angenieux)
- ⇒ zoom speed can be varied at any time from control panel
- ⇒ control panel includes record button
- ⇒ control of pan and tilt as well as video signal run through one single cable
- ⇒ can be used with standard NP1 batteries (not included)
- ⇒ flight case included
- ⇒ available power supply

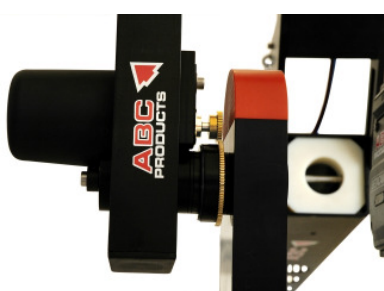

Control panel with its integrated joystick

### Technical data:

Total weight:	9 kg (19.8 lb)
Max. load:	30 kg (66 lb)
Transport dimensions:	89 x 64 x 26 cm (35 x 25 x 10 in)
360° pan speed:	Variable
360° tilt speed:	Variable
Ramp:	Hard / soft start programmable
Pan / Tilt Motors:	Digital
Power supply:	24 V current entry, 2 pcs. NP1 (not included)
Control:	By Joystick, 2 axis BNC out
Zoom / Focus:	For motorized zoom/focus lenses (Fuji, Canon or Angenieux) upon choice

Liable to technical changes without notice.

Friction vertical

### Optional accessory:

Pelé one-man-control panel for Crane 120

### About ABC ...

ABC Products has been active in studying solutions for the moving camera technique for many years. Consistent lightweight construction and high functionality as well as durability are the main characteristics of our developments.

Some of our products include:

**Camera balance systems** (HandyMan) hand-operated or body supported for different camera weights. **Light Cranes** with different lengths, from the consumer up to the professional system with **remote Head**. **Light Dolly** with track system and **ABC Spirit Light**, a light system in a protective case.

ABC Products also carries out special solutions besides manufacturing an extensive list of accessories which all have one in common:

**Filming with the moving camera!**
