

POL-3

DIMENSIONS

Weight: 2.6 lb / 1.18 kg

DESCRIPTION

The POLAR BEAR Camera Case is designed to keep your camcorder warm in cold temperatures. It is thickly padded with insulation. The interior is lined with Mylar fabric to reflect heat back into the camera chamber. Air activated warmers placed inside the case, maintain interior temperatures, to keep battery, recorder, lens and hands warm. Tested at -50 degrees Fahrenheit. Two hand openings at the lens are enclosed with fleece cuffs for warm access. Suede leather handles make it comfortable to carry. Attached insulated lens hood protects the lens in transport. It also prevents condensation from forming when bringing POLAR BEAR Camera Case in from the cold. Hood stores conveniently inside pocket when shooting.
